**BE PREPARED.  
SURVIVE.**

## ACTIVE SHOOTER RESPONSE & TRAINING - What To Expect:

- The Basic Theory of Security & Concepts.
- Psychology of an Active Shooter - How do you use this knowledge to survive?
- Immediate action to be taken.
- Principles of Lock-Down and Evacuation.
- Maximize the response of Law Enforcement
- Resistance - what works and what does not?
- Survey Assessment of the facility to maximize evacuation and lock down. Each individual will know exactly what their action should be in the event of an Active Shooter.
- This is a Hands-On, Interactive Course for your entire staff.

## Why Do You Need This Course?

Greg and his skilled team are constantly updating their training course to accommodate real-life situations and trends, then incorporating this into their training. The Shaffer Security Group (SSG) will customize training to your needs & provide you with written recommendations on how to best “lock down” & protect your school or business. SSG's expertise and years of Tier One tactical experience will deliver a training course unlike any other you have attended. This training could save your life and prepare you to physically, psychologically and emotionally survive a life or death encounter with an armed intruder.
